

AUSTRALIAN ASSISTIVE TECHNOLOGY CONFERENCE

July 27-29 2016 | Jupiters Casino | Gold Coast Queensland

Collaborate, Empower, Transform
realising opportunities with
assistive technology solutions

www.arata.org.au/conference2016/

Assistive technology solutions are essential enablers in everyday life. They are becoming increasingly important to all people with an interest in health, disability, aged care, education, and employment services.

Come and be a part of designing and shaping the future of assistive technology products and services by attending the Australian Assistive Technology Conference in July 2016.

ARATA and OTA are proud to invite you to the Gold Coast for 3 days of unparalleled networking, continuing education, and advocacy opportunities.

This conference will offer a diverse range of interactive, thought-provoking and educational sessions exploring current practice in the assistive technology sector. It will feature people who use assistive technologies in their daily lives as well as people who are passionate about promoting the effective design, selection and use of assistive technology solutions.

The Gold Coast, Queensland, is the host city for AATC2016 and will be a great place to escape the winter chill. A carefully considered social program will be an opportunity for delegates to come together to build networks and relationships away from the formality of Conference sessions.

We look forward to seeing you in July 2016.
