

7 August 2020

To whom it may concern,

 The Adelaide Convention Centre (ACC) enjoys an excellent working relationship with DC Conferences, having worked collaboratively with their team to deliver numerous successful events in the past.

DC Conferences are well connected in the Association space and exhibit a strong understanding of client needs. Their experienced leadership translates into a professional, highly organised and creative team.

Having managed a number of high calibre events here at the ACC, DC Conferences are very familiar with our venue and operation, and always work collaboratively with our team to seek client focused event solutions.

We thoroughly enjoy working with DC Conferences and have no hesitation in recommending their event management services. We look forward to continuing our partnership with them in the future to deliver successful events here at the Adelaide Convention Centre.

Yours sincerely,

Simon Burgess  
General Manager
